Memberships

- Member of **IMarEST** (Institute of Marine Engineering, Science and Technology) - UK
  ***Membership No**. 8119543.*
- Associate Member of **RINA** (Royal Institute of Naval Architects) - UK
  ***Membership No**. 00240392.*
- Mechanical Engineer of (PEC) Pakistan Engineering Council
  ***Membership No**.* MECH/ 48054.

ABOUT MYSELF

Marine Engineer and Naval Architect with 10 years of service in the **Pakistan Navy (PN)**, including 5 years across seagoing operations, shipbuilding and fleet maintenance. Specialised in hull and in service surveys, machinery operations, structural assessment, Class compliance and **IMO Conventions**. Experienced in NDT inspections, defect evaluation, **WPS** and **WPQR** reviews including material Destructive Test (DT) verification, drawing compliance and technical reporting.

Completed a **Bureau Veritas (BV)** internship to strengthen exposure to commercial shipping and classification survey practices. Master's in **Advanced Naval Architecture** from the **University of Strathclyde, UK.** Registered **Chartered Engineer (CEng CMarEng)** under UK **Engineering Council** awaiting confirmation and based in the Netherlands with full working rights under a **Zoekjaar Residence Permit** .

WORK EXPERIENCE

Bureau Veritas (BV) Karachi, Pakistan

Website: https://group.bureauveritas.com/

Marine Surveyor (Intern)

03/11/2025 - 30/01/2026

- Participated in an **Annual Survey** onboard an **Oil Tanker**, conducting technical verification, inspection reporting, onboard safety compliance, while communicating with crew during survey.
- Reviewed WPS and WPQR documentation consistent with AWS/ ISO standards, understanding approval logic traceability and yard/ onboard implementation.
- Gained working knowledge of **IMO conventions** (SOLAS, MARPOL, ICLL) and ISM/ ISPS frameworks, and interpreted BV Class Rules including steel grade and material acceptance requirements.

Pakistan Navy Karachi, Pakistan

Email: cofmg@paknavy.gov.pk | **Website:** https://paknavy.gov.pk/

Deputy Manager Hull & Structure/ Ships Husbandry (SHB)

23/10/2023 - 31/10/2025

- Conducted **30+ Hull Surveys** using NDT methods, identified degradation patterns, performed technical verification and issuing formal survey reports.
- Directed 50+ Corrective and Preventive Maintenance routines across critical hull and marine systems for PN ships.
- Served as SME for protective coatings and delivered over 20 technical assessments, reviewing structural plans, evaluating deficiencies and recommending design improvements aligned with regulatory and Class requirements

Pakistan Navy Karachi, Pakistan

Assistant Manager Hull Fabrication

18/10/2021 - 25/04/2022

- Acted as Project Officer during AGOSTA Class submarine construction, verifying hull block fabrication against approved drawings, Class criteria and contractual specifications
- Ensured fabrication/ welding in line with WPS including review of Destructive Test (DT) to confirm compliance with ISO and AWS standards
- Verified NDT acceptance criteria , weld quality and material traceability during structural inspections

Pakistan Navy Karachi, Pakistan

Marine Engineering Watch Keeping Officer

08/09/2020 - 14/10/2021

- Operated and maintained **propulsion** and auxiliary systems and fuel/ oil systems, while troubleshooting faults and managing PMS (Planned Maintenance System) routines. Managed DLM (Docking level Maintenance) routines during non-ops time.
- Led defect rectification of critical systems, conducted **vibration, noise and temperature analysis** to initiate corrective measures and ensure operational readiness.
- Maintained defect logs, audit compliance records and machinery reports, supervised engine room drills, damage control lockers and firefighting equipment to strengthen safety preparedness and crew proficiency.
- Led over 170 warranty claim closures in collaboration with **DAMEN Shipyard** Field Engineers, resolving significant claims onboard. Assisted in SATs (Sea Acceptance Trials) and machinery performance trials at *Galati Shipyard, Romania*

Pakistan Navy Karachi, Pakistan

Department: F-22P Class Frigate

Marine Engineer (Trainee)

04/05/2019 - 28/08/2019

- Completed Sea Training as an ME branch officer with hands-on experience in operating, maintaining and troubleshooting propulsion and auxiliary systems, while assisting in routine repairs.

Pakistan Navy Karachi, Pakistan

Marine Engineer (Trainee)

07/05/2018 - 24/08/2018

- Gained proficiency in technical issue tracking and repair coordination, ballasting, fueling operations, propulsion and auxiliary marine systems and maintenance follow-ups.

EDUCATION & TRAINING

01/09/2022 - 27/09/2023 Glasgow, United Kingdom

Masters in Advanced Naval Architecture (MSc) University of Strathclyde, Glasgow, UK

Website: https://www.strath.ac.uk/ | **Final grade:** "Distinction" | **Level in EQF:** EQF level 7

28/03/2022 - 19/08/2022 Glasgow, United Kingdom

Pre-Masters Engineering and Sciences University of Strathclyde, Glasgow, UK

Final grade: 82/ 100 | **Level in EQF:** EQF level 6

11/01/2016 - 06/07/2020 Karachi, Pakistan

Bachelors in Mechanical Engineering (BEng) National University of Science & Technology (NUST)

Website: https://nust.edu.pk/ | **Final grade:** 3.47/ 4 GPA | **Level in EQF:** EQF level 6

SKILLS

naval architecture | surveying | assess trim of vessels | Modeling programs (3D max Rhinoceros Auto CAD SketchUp) | ANSYS Design Modeler, SpaceClaim & Fluent | vessel stability principles | mechanics of vessels | mechanical engineering | ensure material compliance | operate marine machinery systems | NDT LEVEL -II | green building practices | Microsoft Office | types of maritime vessels | write inspection reports | ship related legislative requirements | Marine Survey | marine engineering | technical drawings | monitor coating specifications | welding techniques | perform welding inspection | maintenance operations | inspect material | Python (computer programming) | dock operations | perform risk analysis | risk identification | International Maritime Organisation conventions

PROJECTS

02/05/2023 - 05/09/2023

European Union's GATERS (Gate Rudders)

Conducted resistance and Self-Propulsion tests on a model hull form, to evaluate Gate Rudders as potential Energy Saving Device (ESD) against potential retrofit equipment to support IMO 2050 decarbonization goal and sustainable shipping. (View Project)

04/12/2023 - 14/01/2024

Watertight Integrity Feasibility Study, MABs (Marine Assault Boats)

Analyzed WT Integrity risks and proposed compliant design modifications to vent arrangements and bulkhead penetrations. (View Project)

05/04/2024 - 05/04/2024

Root Cause Analysis (RCA), Oil Tanker

Investigated causes of excessive steel renewals through UT thickness checks and weld condition assessment, identifying fabrication, coating and corrosion issues contributing to structural degradation. (View Project)

11/08/2024 - 30/08/2024

Slamming/ Whipping, Offshore Patrol Vessel (OPV)

Assessed hull girder response under slamming loads by analyzing motion data and evaluating stress implications on structural members. (View Project)

13/01/2025 - 28/01/2025

Breach in Watertight Integrity, F-22P Class Frigate

Assessed gooseneck vent design deficiencies and proposed structural improvements to restore WT integrity. (View Project)

31/03/2023 - Current

Framework for Quantification of Biofouling Effects on Tidal Turbines (Publication In Progress)

Designed and developed a CFD based assessment framework to quantify performance degradation of a Tidal Turbine due to biofouling. Aimed at proposing curtailing strategies to improve energy output and support sustainable marine energy solutions. (View Project)

RECOMMENDATIONS

Capt (R) Sarfaraz Inayatullah TI(M) PEng CEng FPWS FIEP FRINA Country Marine & Offshore Chief Executive, Bureau Veritas (BV)

Supervised my development in Hull and Machinery surveys and Class compliance at **Bureau Veritas (BV)** and mentored my transition into commercial shipping and survey practices. (LinkedIn)

Email Sarfaraz.inayatullah@bureauveritas.com | **Phone** +92 3332388820

Asim Shahzad Senior Marine Surveyor, Bureau Veritas (BV)

I worked directly under Asim Shahzad during Annual Class Surveys, where he supervised my hands on surveying/ inspection activities.

Email Asim.shahzad@bureaiveritas.com | **Phone** +92 33320298106

Cdr Dr Faheem Ur Rehman MRINA PN Dean of Naval Architect, National University of Science & Technology (NUST)

I worked under Cdr Dr Faheem Ur Rehman for 2 years on multiple feasibility studies, technical reviews and Root Cause Analyses (RCA) for complex marine engineering assessments.

Email deanna@pnec.nust.edu.pk | **Phone** +92 3363026173

HOBBIES AND INTERESTS

Tennis

Active Tennis Player with state level tournament participation and closely follow International Grand Slams.

Travelling

Travelled to 26 countries including 14 within the Europe, as well as South America, Asia and the Middle East.

Swimming & Nautical Activities

Swimmer since childhood with National and International participation. Recipient of multiple medals.

Sustainable Innovations

Strong interest in sustainable solutions, actively engaged towards the IMO 2050 Net Zero emission goals.

Latin Dancing (Salsa)

Practising for over 2 years, conducted beginner workshops as an instructor in Islamabad and Karachi.

Horse Riding & Polo

Active equestrian with competitive riding experience from a young age.
